# ABOUT US

Committed to building strong client relationships through complete transparency, consistent product quality, secure packaging, and timely delivery all aimed at achieving total customer satisfaction.

We ensure 100% quality assurance and precise order fulfillment across quantities and timelines. From raw material to finished product, our in-house control over the entire manufacturing process allows us to handle orders of any size, at any time. Our goal extends beyond turnover - we strive for complete customer trust and satisfaction.

## Why Choose Us??

---

Our organization has accomplished a significant position across the country by providing excellent quality assortment in numerous specifications at reasonable prices to our patrons.

Premium Quality

Customer Satisfaction

Timely Delivery

### 1. Premium Quality:

Quality is ensured through strict checks by our QC & A team for complete customer satisfaction.

### 2. Customer Satisfaction:

We prioritize long-term client relationships by delivering quality, customized products that meet their exact specifications.

### 3. Timely Delivery

Our skilled warehousing team ensures proper storage and timely delivery while maintaining product quality as per industry standards.

## 1. CARBON STEEL SEAMLESS PIPE

We offers high-strength Carbon Steel Seamless Pipe and Welded Pipes, known for their durability, smooth finish, and precision design. Ideal for energy, marine, power, and construction applications, these pipes are available in various materials and dimensions to suit specific needs.

### SPECIFICATION:

**Standards :** ASTM A53, A106, A179, A192, A213, A210, A335G, P1, P5, P9, P11, P22, P91, T11 , T22 , T9 , T91 , A334

**Size Range :** 6mm to 600 mm

**Thickness :** 0.5 mm to 50 mm

**Length :** Random Length 4 to 7 MTR.

**Standard Fixed Length :** up 28 MTR

**Conditions :** Hot Finish/ Cold Finish,  
Heat Treated & Stress Relived, Bright Annealing

**Radius :** 1.5 D to 2 MTR. DU Bend

**Grades :** Carbon Steel / Alloy Steel, GR1 , GR3 , GR6

## 2. M.S. & CARBON STEEL ERW PIPE

we are leading stockist and supplier of M.S. ERW Black Pipes, G.I. Pipes, Boiler and Heat Exchanger Tubes, Square & Rectangular Pipes, and Corten Steel Air Heater Tubes. Sourced from top mills like Jindal, TATA, and Welspun, all materials come with Mill Test Certificates ensuring quality and traceability.

### SPECIFICATION:

**Standard :** API 5L, EN-10208-1/2, BS1387, ASTM A53,

**Size :** ½” to 24”, w.th. 2mm to 12.7mm

**Length :** 5.8~12m or Upon Customer Requirements

**Specificatin :** ASTM A 500 GR.A OR B

**End :** Plain or beveled end, threading, cupling

**Surface Treatment :** Bared, Oiled, Color Paint, 3lpe, or Other

**Section Shape:** Round, Square, Rectangular

**Grade :** A, B, X42, X46, X52, X56, X60, X65, X70, Q195, Q235, Q345

### 3. CARBON STEEL SPIRAL WELDED PIPE

we offers high-quality Spiral Welded Pipes known for easy installation and reliable performance. Sourced from trusted vendors, these pipes are made using premium materials and advanced techniques, with customization available to meet specific client needs.

#### **SPECIFICATION:**

Size Range : 16" to 72"

Thickness : Scheduled 10/20/30/STD/40/60/XS/80/100/120

Length : 6 MTR & 12 MTR

Grade : API5L X-42 X-52 X-60 X-65 X-70 & IS 3589, IS 1239,

### 4. M.S HEAVY THICKNESS SEAMLESS PIPE

we offers robust Heavy Wall Thickness Pipes with OD ranging from 200mm to 610mm and wall thickness from 25mm to 200mm. Known for corrosion and abrasion resistance, these pipes are ideal for mechanical and structural applications and can be customized to client specifications.

#### **SPECIFICATION:**

Material : GB,JIS ,DIN,ASTM

Outside Diameter : 28.0-1260mm

Wall thickness : 10-200mm

Certificate : ISO

Packing : Bundle then load in container

Delivery time : 10-30days

Type of pipe coating: Epoxy powder.

### 5. SHIP SHAFT

We specialize in trading and supplying a premium range of MS & EN Heavy Ship Shafts, EN Series Heavy Forged Round Bars, and related products. Backed by rich industry experience and a skilled team, we ensure quality-tested, dimensionally accurate ship shafting solutions sourced from trusted vendors

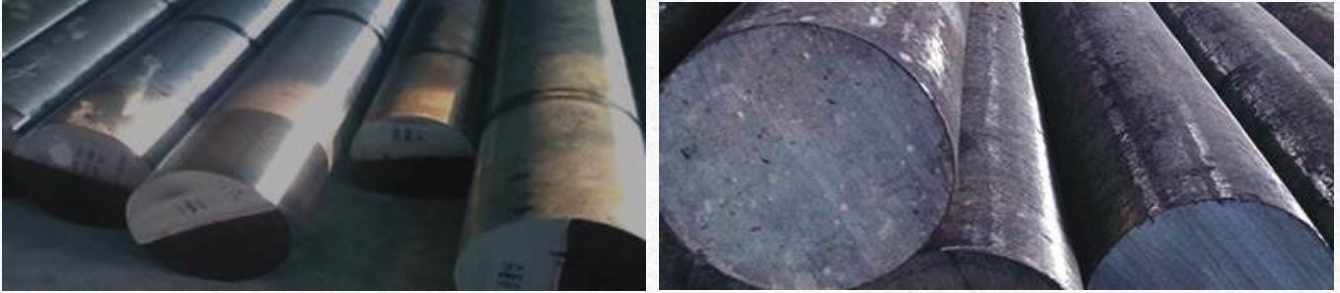

Size : 300mm - 1000mm

## 6. MS Heavy Round Bar

We offer Mild Steel Heavy Round Bars of different grades including M.S, En-8, C-45, and EN-9. Mild Steel Heavy Round Bars that we offer are sturdy and have high compressive strength, thus these are suitable for heavy-duty construction applications. The excellent ability to resist corrosion and abrasion of our Mild Steel Heavy Round Bars makes them durable. Keeping diverse demands of the clients, we offer Mild Steel Heavy Round Bars in eminent entity involved in offering an extensive range of Mild Steel Round Bar. The offered product is designed keeping in mind industry requirements and is precisely manufactured from high quality raw material and latest technology.

**lengths :** 6.100 to 6.400 6.100 to 6.400 Metre

**Size :** 200mm - 1000mm

## 7. CARBON STEEL FLANGES

we are trusted exporter and supplier of Carbon Steel Flanges, sourced from certified vendors and designed for durability, easy installation, and a seamless finish. Available in custom sizes, our flanges meet global standards like ASTM, ASME, API, DIN, and more.

### **SPECIFICATION:**

**Dimensions :** ANSI B16.5, ANSI B16.47 Series A & B, MSS SP44, ASA, API-605, AWWA, Custom Drawings

**Standard :** ASTM, ASME Flanges, ANSI Flanges, DIN Flanges,

**Specifications :** ASTM A105 / A350 LF2, ASTM A694 - F42, F46,

**Size :** 1/2"NB TO 48 "NB IN

**Class :** 150 LBS, 300 LBS, 600 LBS, 900 LBS, 1500 LBS, 2500 LBS,

## 8. ALLOY STEEL SEAMLESS PIPE

we supplies high-performance Alloy Steel Pipes and Tubes, engineered for heat resistance and strength with added elements like chromium and molybdenum. Designed to ANSI standards, they're ideal for oil & gas, machinery, and industrial applications, with growing demand driven by economic growth.

### **SPECIFICATION:**

**Alloy Steel Pipe :** ASTM A-335, A-387 GR. P1, P5, P9, P11, P12, P22, P91

**Schedules :** 20, 30, 40, Standard (STD), Extra Heavy (XH), 80, 100, 120, 140, 160, XXH

**Size Range For Pipe :** 1/2 "NB TO 24" NB & SCH 10 TO SCH XXS

**E.F.W. PIPE :** ASTM A 691

**(For High Temperature Service) Size Range :** 8" NB TO 130" NB & WALLTHK 4MM TO 65MM

## 9. M.S. SEAMLESS PIPE

We are offering our clients with the best-in-class range of M.S Seamless Pipes. We are eminent Importers and Traders of M.S. and C.S. Seamless pipe. Appreciated for their significant attributes such as longer service life, sturdiness and fine-finish, these offered products satisfy defined parameters of the industry (i.e. Sugar, Chemical, Fertilizer, Pharmaceutical, Railways, Oil & Gas and other many type of engineering industry). Further more, these offered products are available with us in different sizes and specifications that further can be customized as per the requirement of the clients.
