About Us

Committed to building strong client relationships through complete transparency, consistent product quality, secure packaging, and timely delivery all aimed at achieving total customer satisfaction.

We ensure 100% quality assurance and precise order fulfillment across quantities and timelines. From raw material to finished product, our in-house control over the entire manufacturing process allows us to handle orders of any size, at any time. Our goal extends beyond turnover - we strive for complete customer trust and satisfaction.

Why Choose Us??

Our organization has accomplished a significant position across the country by providing excellent quality assortment in numerous specifications at reasonable prices to our patrons.

Premium Quality

Customer Satisfaction

Timely Delivery

1. Premium Quality:

Quality is ensured through strict checks by our QC & A team for complete customer satisfaction.

2. Customer Satisfaction:

We prioritize long-term client relationships by delivering quality, customized products that meet their exact specifications.

3. Timely Delivery

Our skilled warehousing team ensures proper storage and timely delivery while maintaining product quality as per industry standards.

1. STAINLESS STEEL BLACK & BRIGHT BAR

We specialize in manufacturing high-quality Stainless Steel Black & Bright Bars, widely used in automotive, construction, electrical, and allied industries. These bars support multiple processing methods and are color-coded for easy grade identification, also suitable for cable armouring wire steel.

Manufacturer of following SS Grades:

Our products are available in various grades including Stainless Steel 201, 202, 204CU, 302, 302HQ, 303EHS, 304, 304HC, 304L, 309, 310, 310S, 316, 316L, 316Ti, 321, 17-4PH, 15-5PH & 400 Series.

Specification :

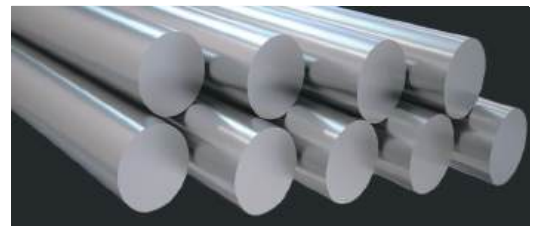

Size : 5.00 MM to 105 MM.

Tolerance : h7, h8, h9, k12, k13

Standard : As per EN, DIN, JIS, ASTM, BS, ASME, AISI, etc.

Length : 1 to 6 meters & as per customer requirement.

Finish : Cold Drawn, Centreless Ground, Polished, Peeled & Polished, Rough Turned

2. STAINLESS STEEL ANGLE BAR

We offer hot-rolled Stainless Steel Angles with inside radius corners, ideal for structural and fabrication projects exposed to harsh environments. Designed to global standards, they are durable, corrosion-resistant, and available in various sizes to meet custom requirements.

Specification :

Standard: ASTM A/ASME A 276 / 267

Size Range : 0.750" x 0.750" x 0.125"
up to 6" x 6" x 0.500"

Length : 20' random lengths

Processing : Cut to Length

Supply Condition : HOT ROLLED, SOLUTION ANNEALED, PICKLED, STRAIGHTENED

Grade : Gr. 304, 304L, 304H, 310, 316, 316L, 316Ti, 321 etc.

3. STAINLESS STEEL SQUARE & HEX BAR

WE offers high-quality Stainless Steel Hex Bars with excellent corrosion resistance and sturdy construction, manufactured to international standards. These hexagon-shaped bars are ideal for machining and used in making nuts, bolts, valves, and fittings. Available in 3–6 meter lengths or customized sizes, our SS Hex Bars are typically supplied in cold drawn condition. Designed for durability, they suit diverse industrial applications.

Specification :

Standard : ASTM A276, ASTM A479

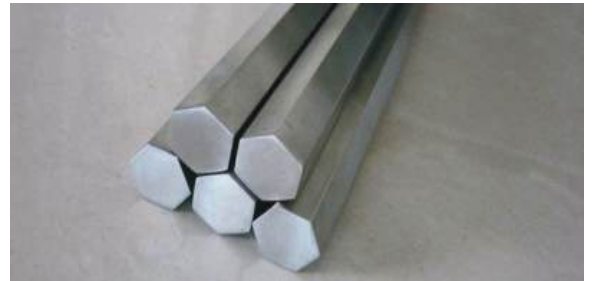

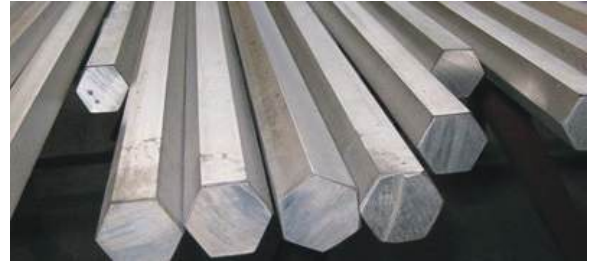

Size : From 16MM to 55MM

Tolerance : Tolerance is based on diameter as per h11, ASTM A 484 or as per client requirement

Length : 3 to 6meter & as per client requirements

Finish : Cold Drawn & Polished

Grade : 201, 202, 204 CU, 303, 304, 304 L, 310, 316, 316 L, 321, 4% nickel & 400 series

4. STAINLESS STEEL ERW PIPE

We offers high-quality Stainless Steel ERW Pipes, known for their durability and precision. Manufactured using premium raw materials, these pipes are widely used in engineering, hydraulics, fencing, and structural applications, and are available in various sizes and specifications.

Specification :

Specification : ASTM A-249, A-268, A-269

Tube Range : 1/4" NB to 8"NB

Outer Diameter : 10mm - 600mm, 10NB - 400NB

Wall Thickness : 0.25mm - 20mm, Sch 5 to Sch XXS

Length : 6 meters
(Cut to length according to customers' requirement)

Grade : 304, 304H, 309, 310, 316, 316L, 317L, 321, 347, 904L

5. STAINLESS STEEL SEAMLESS PIPE

We are actively engaged for Stainless Steel Seamless Pipes in India. Our SS Pipes are widely appropriate for different purposes like Bridges, Engineering, Construction, Oil Field, Offshore, Shipbuilding, Nuclear Projects, Marine Projects, Medical, Instrumentation, Furniture, Boiler, Heat Exchangers, University student projects, etc

Manufacturer of various grades of Stainless Steel Seamless Pipes:

Our products are available in various grades including TP304, TP304L, TP304H, TP321H, TP321, TP316, TP316L, TP316Ti, TP310S, TP347, TP347H, 904L.

Specification :

Specifications : ASTM A312 / ASME SA312

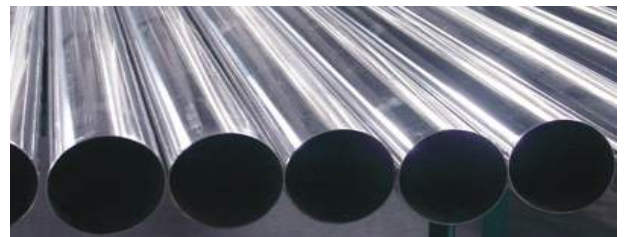

Size : 1/8" NB to 24" NB, 1/4" OD to 24" OD

Outside Diameter : 1/8" NPS to 12" NPS

Wall Thickness : SCH 5S to SCH XXS

Form : Round Pipes, Square Pipes, Rectangular Pipe

End : Plain End, Beveled End, Treaded

6. STAINLESS STEEL FLANGES

We offer a wide range of Stainless Steel Flanges in various shapes, sizes, and pressure ratings, known for durability, corrosion resistance, and high performance. Available types include Slip On, Weld Neck, Blind, Threaded, Lap Joint, and more, customizable to client requirements

Specification :

Specification : ASTM A182 / A240, ASME SA182 / SA240

Dimension : ANSI B16.5, ANSI B16.47 Series A & B, MSS SP44, ASA, API-605, AWWA, Custom Drawings

Size : 1/2" (15 NB) to 48" (1200NB)

Standards : ANSI Flanges, ASME Flanges, BS Flanges, DIN Flanges, EN Flanges etc.

Class : Class 150, Class 300, Class 400, Class 600, Class 900, Class 1500, Class 2500 | PN6, PN10, PN16, PN25, PN40, PN64 etc.

Grades : F304, 304H, 309, 310, 316, 316L, 317L, 321, 347, 904L

7. STAINLESS STEEL FLAT BAR

We offers a wide range of flat bars in Stainless steel ideal for industrial tools, construction, and fabrication. Available in standard sizes or custom cuts, these bars are easy to weld, cut, and machine for use in frameworks, supports, and structural applications.

Specification :

Standard : ASTM A240 / ASME SA240

Size : 25mm To 150 mm

Thickness : 3 mm To 20 mm

Supply Condition : Hot rolled, solution annealed pickled, Straightened

Length: As per required up to 7 mtr. long

Grade : Gr. 304, 304L, 304H, 310, 316, 316L, 316Ti, 321 etc.

8. STAINLESS STEEL BUTTWELD PIPE FITTINGS

We manufactures a comprehensive range of butt weld fittings in stainless steel, including elbows, tees, reducers, crosses, stub ends, and caps. These fittings are used in various industrial piping systems for efficient and durable connections.

Specification :

Designation : ASTM A403 / ASME SA403

Dimension : ASME/ANSI B16.9, ASME B16.28, MSS-SP-43

Size : 1/8" NB TO 48" NB. (Seamless & 100% X-Ray Welded, Fabricated)

Type : Seamless / Welded / Fabricated

Thickness : Sch 5s, Sch 10s, Sch 40s, Sch 80s, Sch 160s, Sch XXS

Grade: SS 304, 304L, 316, 316L, 309, 310, 317L, 321, 347, 409, 410, 420, 430, 446, 202 etc.
